

## Composition of Technical Expert Groups

### TEG 1. Doping prevention interventions (Prof. Christiansen)

Questions to answer:

- Q1: What has changed since 2014 (publication of SoDP) – review and assess new interventions?
- Q2: What has been learned by the interventions in place in the countries taken as case studies?

#### Members

<i>Name</i>	<i>Organisation</i>
Prof. Ask Christiansen (coordinator)	University of Aarhus, Faculty of Science and Technology, Department of Sport Science
Anne Thidemann	The Enterprise Federation of Norway (Virke)
Prof. Michael Petrou	Cyprus Anti-Doping Authority (CyADA)

+ Support of a PhD student, Ismael Serrablo Torrejon

### TEG 2. Food/Supplements for Sport People (Prof. Backhouse)

Question to answer:

- To conduct interviews with industry stakeholders in relation to a European framework for sports food and food supplement labelling for sport people.
- To examine industry practice and national initiatives across EU 28 to reduce the risk of doping.
- To provide a platform for key industry alliance groups in sports nutrition
